### FOODBORNE ILLNESS RISK FACTORS AND PUBLIC HEALTH INTERVENTIONS

IN=in compliance    OUT=not in compliance    N/O=not observed    N/A=not applicable    COS=corrected on-site during inspection    R=repeat violation

Compliance Status	COS	R	Compliance Status
Foodborne Illness Risk Factors and Public Health Interventions			Foodborne Illness Risk Factors and Public Health Interventions
1A	IN		15
IN Certified food manager; and duties fulfilled.			IN Proper disposition of returned, previously served, reconditioned, and unsafe foods
1B	IN		16
IN PIC knowledgeable, duties & oversight			N/A Proper cooking time and temperature
2	IN		17
IN Management awareness and policy regarding handling employee health situations			IN Proper reheating procedures for hot holding
3	IN		18
IN Proper use of reporting, restriction & exclusion			N/A Proper cooling time and temperatures
4	IN		19
IN Food employees eat, drink, and use tobacco only in designated areas / do not use a utensil more than once to taste food that is sold or served			IN Proper hot holding temperatures
5	IN		20
IN Food employees experiencing persistent sneezing, coughing, or runny nose do not work with exposed food, clean equipment, utensils, linens, unwrapped single-service or single-use articles			IN Proper cold holding temperatures
6	IN		21
IN Hands clean and properly washed			IN Proper date marking and disposition
7	IN		22
IN Direct hand contact with exposed, ready-to-eat food is limited by use of deli tissue, spatulas, tongs, dispensing equipment, or other utensils when possible			N/A Time as a public health control: procedures and records
8	Out	X	25
Handwashing Facilities			IN Food additives; approved and properly used
9	IN		26
IN Food obtained from approved source			IN Toxic substances properly identified, stored & used
10	IN		27
IN Food received at proper temperature			N/A Compliance with HACCP plan and variance
11	IN		
IN Food in good condition, safe, and unadulterated			
12	N/A		
N/A Required records available; shellstock tags, parasite destruction			
13	IN		
IN Food separated/protected from cross contamination			
14	IN		
IN Food-contact surfaces: cleaned & sanitized			

Risk factors are improper practices or procedures identified as the most prevalent contributing factors of foodborne illness or injury. Public Health Interventions are control measures to prevent foodborne illness or injury.

### GOOD RETAIL PRACTICES

Good Retail Practices are preventative measures to control the addition of pathogens, chemicals, and physical objects into foods.

Compliance Status	COS	R	Compliance Status
Good Retail Practices			Good Retail Practices
28	IN		43
IN Pasteurized eggs used where required			IN Single-use and single-service articles; properly stored & used
29	IN		44
IN Water and ice from approved source			IN Gloves used properly
30	IN		45
IN Variance obtained for specialized processing methods			IN Food and nonfood-contact surfaces cleanable, properly designed, constructed, and used
31	IN		46
IN Proper cooling methods used; adequate equipment for temperature control			IN Warewashing facilities: installed, maintained, and used; test strips.(Accurate thermometers,chemical test kits provided, gauge cock)
32	IN		47
IN Plant food properly cooked for hot holding			IN Nonfood contact surfaces clean
33	Out		48
Approved thawing methods used			IN Hot and cold water available; capacity; adequate pressure
34	IN		49
IN Thermometers provided and accurate			IN Plumbing installed, maintained,proper backflow devices
35	IN		50
IN Food properly labeled; original container			IN Sewage and waste water properly disposed
36	IN		51
IN Insects, rodents, and animals not present; no unauthorized persons; food employees do not handle or care for animals present			IN Toilet facilities properly constructed, supplied and cleaned

This inspection report is based on City of Minneapolis regulations which can be viewed at the following website: <http://library.municode.com/index.aspx?clientId=11490&stateId=23&stateName=minnesota> It lists corrections and improvements needed to reduce the health and safety risk factors. The conditions noted were identified either by observation or during our discussion of your current safety standards/systems. You are responsible for correcting all violations noted above immediately or by the fix-by-date listed. Please call me if you have questions or need additional information.

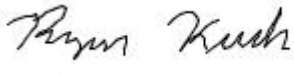

Failure to comply with applicable laws and regulations may result in civil, administrative or criminal enforcement action. If compliance is not achieved, the City official is authorized to issue a minimum administrative citation of \$200 per violation and one hundred dollar (\$100.00) fee for any subsequent re-inspection. The amount of the citation will double each time for same or similar repeat violations with in 24 months.

Permits must be secured for all construction, plumbing, electrical and mechanical work. Work must be performed by a licensed contractor. Permits are obtained at Minneapolis Development Review, 250 South 4th Street, Room 300, Minneapolis, MN 55415, (612)-673-3000 or dial 311, (612) 673-3300 (TTY).

Minneapolis Licenses and Consumer Services grants FINAL approval for operation of the business at City Hall, 350 South 4th Street, Room 1-C, Minneapolis,MN.
